

SHIELD INSURANCE

Overview

Get core business **KPIs** tracking **total revenue**, **customer volume**, and **daily growth run-rates** against the previous month. It features historical trend panel to **toggle metrics** over time, alongside a portfolio breakdown ranking total performance by specific **Policy IDs**.

Sales Mode

Displays the **volume split** and **percentage breakdown** across all insurance **distribution avenues**. It includes a historical timeline tracking **channel fluctuations** over months, paired with a geographic matrix to analyze **channel performance by city**.

Age Group

Segments the consumer base into **explicit age brackets** to reveal **distributions**. It holds data mapping expected **settlement percentages by age** category, monthly demographic **trends**, and a **cross-segment performance matrix**.
